Lithium Coin Batteries

Starmax Lithium Coin Batteries own a variety of CR models with the following four digits indicating batteries' dimensions. They come with a nickel-plated stainless steel coating for maximum protection. Our Lithium Coin Batteries are of maximum power with the highest capacity and ultra long-lasting performance. They will supply small electronics with fully charged power to perform at their best. They have a 3V voltage and a 10-year shelf life. Commonly used for key fobs, scales, and watches.
